The programme is dedicated to professionals with at least 3 years experience in a banking environment, and can serve as an entry for advanced level specialisation in Luxembourg.

When and where?

The certification programme, supported by the **Luxembourg Government**, will be held **in Luxembourg from 11 to 22 March 2019** (arrival on 10 March, departure on 23 March).

The courses will be held by senior experts with an in-depth experience in risk management and willing to share their expertise in this field.

The programme will be open to participants selected by the House of Training/ATTF and ALRiM experts. The selection will be based on objective criteria such as the applicants' present function as well as their professional and educational background. The geographical location will not be a selection factor, unless this course is oversubscribed where a quota of places per country may be applied. A **very good command of English** is required.
